PROFILE

I am a passionate BCSIT student at Pokhara College of Management, Pokhara, with a strong interest in IT project management, web development, and team-based technology solutions. Eager to gain real-world experience and apply my leadership and technical skills to manage and deliver successful IT projects in a professional environment.

EDUCATION

Bachelor of Computer Science and Information Technology (BCSIT) 2023 – Present

| Pokhara University |

GPA: "Pursuing"

Motherland Secondary School 2020 – 2022

+2 Management

GPA: 3.47 / 4.0

PROJECTS

Employee Management System DEC 2024 – FEB 2025

Developed a web-based application to manage employee records, tasks, and evaluations for an academic project. The system allowed admins to add, update, delete, and view employee data, assign tasks, and monitor performance.

The system allows admin users to create, update, and manage employee records, assign tasks, and monitor task status and performance. It was built as a 3rd-semester academic project to apply core PHP, MySQL, and CRUD operations in a real-world scenario.

Technologies Used: PHP, MySQL, HTML, CSS, Bootstrap

TRAINING & CERTIFICATES

Laravel Framework Training

Conducted by Pokhara College of Management

Learned the basics of Laravel, MVC structure, routing, controllers, and how to build dynamic web applications using PHP.

Git & GitHub Workshop

Conducted by Pokhara College of Management

Learned Git commands, version control, repository setup, and collaboration using GitHub.

UI/UX Design Basics Workshop

Conducted by Pokhara College of Management

Gained basics of UI/UX, wireframing, user flow, and design using Figma.
